

Note that we have a list of concepts related to this story. Concepts are generalized ideas which can be challenged and stretched. We can do this by questioning the assumptions we make and thinking about alternative perspectives in order to further shape and define our ideas. The sample questions we have listed will encourage dialogue about the story, but you can also explore any of the concepts listed using the following question stems.

What is ....

What do you already know about...

Is it the same as....

What would happen if...

How does... compare to ....

How did the story change your thinking?

Mother Hen says, "Thank you, but before you eat me up, I'm going to make you some very special stone soup." The wolf excitedly agrees. The Mother Hen gets the wolf to do all sorts of jobs around the house, bribing him each time with a little taste of the steadily improving soup. By the end, the soup is so delicious that the wolf eats it all up, leaving him no room to eat the hen.</p> <ul style="list-style-type: none"> <li>• Do you have to be clever to trick someone?</li> <li>• Is it sometimes okay to con someone?</li> <li>• Is trickery wrong?</li> <li>• Is being gullible the same as being stupid?</li> <li>• What does it mean to be foolish?</li> </ul>
