

Note that we have a list of concepts related to this story. Concepts are generalized ideas which can be challenged and stretched. We can do this by questioning the assumptions we make and thinking about alternative perspectives in order to further shape and define our ideas. The sample questions we have listed will encourage dialogue about the story, but you can also explore any of the concepts listed using the following question stems.

What is

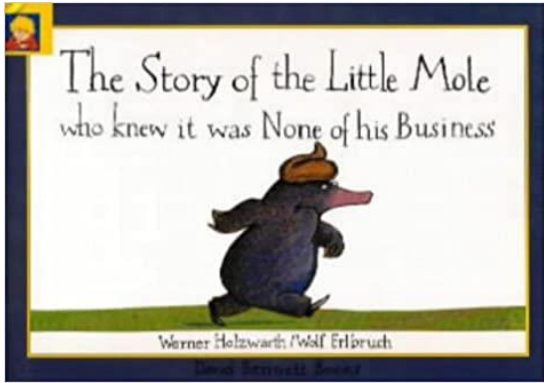

What do you already know about...

Is it the same as....

What would happen if...

How does... compare to

How did the story change your thinking?

So, he sets off on a journey to find out who was responsible. Each animal he asks provides a sample of their own poo to prove it wasn't them. Eventually, he asks some experts on poo – two flies! They analyse the sample and identify the culprit. At the end, the mole is seen taking his revenge on Basil the butcher's dog.</p> <ul style="list-style-type: none"> • Is it wrong to take revenge? • Should we always trust an expert? • How do we know what evidence to believe? • Can revenge ever be fair? • Do two wrongs make a right?
